Subject: Amended Reregistration Label
Product Name: Aqua Clear Multi Purpose Algaecide
EPA Registration Number: 45309-79
Decision Number: 455684

Dear Mr. Jernigan:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Busan 77 RED, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

NOTE: This product is **not** yet being reregistered under section 4(g) of FIFRA at this time.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) for the Basic CSF dated 9/18/2013. Any previously dated CSFs are superseded.

A copy of your label stamped "Accepted" is enclosed. Products shipped after 12 months from the date of this amendment or the next printing of the label, whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions about this letter, please contact Jaclyn Pyne at (703) 347-0213 or pyne.jaclyn@epa.gov.

Sincerely,

A handwritten signature in red ink that reads "Jacqueline Hardy". The signature is written in a cursive style and is enclosed within a faint, light-colored rectangular border.

Jacqueline Hardy
Product Manager, Team 34
Regulatory Management Branch II
Antimicrobials Division (7510P)

Enclosures: Label stamped "Accepted"

{If multiple EPA Establishment Numbers appear on the label.}

[Actual establishment shown in code above or below label printed on [bottle] [container]]

[Letter designation in lot code printed above or below on [bottle] [container] identifies actual establishment.]

[Multi Purpose Algaecide] *{or}* [This product] is used to control the growth of algae in swimming pools, exterior spas, whirlpools, hot tubs and decorative fountains. For maximum effectiveness, swimming pools, spas, whirlpools, hot tubs and decorative fountains containing heavy growth of algae should be cleaned prior to using this product.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

For pools with visible growth, add an initial dose of 50 to 77 fluid ounces of [Multi Purpose Algaecide] *{or}* [this product] per 10,000 gallons of water and remove settled algae debris by cleaning. For treatment of a freshly cleaned and filled pool, add initially 27 to 50 fluid ounces of [Multi Purpose Algaecide] *{or}* [this product] per 10,000 gallons of water. Subsequent additions of 9 to 18 fluid ounces of [Multi Purpose Algaecide] *{or}* [this product] per 10,000 gallons of water should be made every 5 to 7 days after initial treatment for maintenance.

Spas, whirlpools, hot tubs or decorative fountains with visible algae growth require an initial dose of 5 to 8 fluid ounces of [Multi Purpose Algaecide] *{or}* [this product] per 1,000 gallons of water. For treatment of a freshly cleaned and filled spa, whirlpool, hot tub, or decorative fountain, add initially 3 to 5 fluid ounces of [Multi Purpose Algaecide] *{or}* [this product] per 1,000 gallons of water. Subsequent additions of 1 to 2 fluid ounces of [Multi Purpose Algaecide] *{or}* [this product] per 1,000 gallons of water should be made every 5 to 7 days after initial treatment for maintenance.

[Multi Purpose Algaecide] *{or}* [this product] will prevent the growth of most algae during the off-season winter months when pools are not in use. For pools that have been properly treated during the swimming season and are free of visible algae, add 27 to 43 fluid ounces of this product per 10,000 gallons of water. If at the end of the swimming season for pools with some visible algae growth, add 50 to 77 fluid ounces per 10,000 gallons. It is necessary that a uniform distribution of this product throughout the pool be made for maximum effectiveness. If pool is not covered, it may be necessary to repeat the treatment one or more times during the off season.

This product is compatible with those chemicals normally used to treat pools, spas, whirlpools, hot tubs and decorative fountains and is effective at both acid and alkaline pH. This product can be used in water treated with chlorinating chemicals and may reduce the amount of these chemicals normally required. However, do not mix this product with concentrated dry or liquid chlorinating products.

STORAGE AND DISPOSAL: Keep this product dry in original tightly closed container when not in use. Store in a cool, dry, well ventilated area. Do not contaminate food or feed by storage or disposal. **CONTAINER DISPOSAL:** Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container (or equivalent) promptly after emptying.

{Precautionary Statement for use with products intended for commercial (occupational) use.}

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION: Harmful if swallowed. Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wear long-sleeved shirt, long pants, shoes, socks and chemical resistant gloves made of any waterproof material (Selection Category A). User should remove PPE immediately after handling this product or remove immediately if pesticide gets inside. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

{Precautionary Statement for use with products intended for residential use.}

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION: Harmful if swallowed. Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

FIRST AID: IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. [IN CASE OF MEDICAL EMERGENCY, CALL [1-303-623-5716] [1-877-800-5553] [telephone number supplied by supplemental registrant].]

PHYSICAL OR CHEMICAL HAZARDS: This product is a reducer! Keep away from oxidizing agents. Do not mix with other chemicals.

{Environmental hazards statement for end-use products in containers of less than 5 gallons (liquid).}

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish, aquatic invertebrates, and clams.
